- SHOE CARE PRODUCTS
- PRIVATE LABEL SOLUTIONS

ROTA KİMYA

Rota Kimya, founded in 1976 in Istanbul, Turkey, is a leading manufacturer of leather and shoe finishing chemicals as well as innovative shoe care products. Since its inception, the company has remained dedicated to excellence-delivering high quality, innovative, and customer-focused solutions to both domestic and international markets.

Rota Kimya operates from two offices in Istanbul: a **head office**, and a **modern 2,000 m² production facility**. Our production philosophy combines the careful selection of raw materials and rigorous quality control at every stage-driven by a highly experienced and dedicated team.

Today, with exports to more than 20 countries and a strong presence in the Turkish market, **Rota Kimya is a trusted brand, recognized for its reliability, consistency, and superior quality.**

SECTORS WE SERVE

SHOE & LEATHER FINISHING

- Specialized finishing chemicals for shoe and leather industries
- Solvent-based and water-based solutions
- Provides high durability and superior finishing effects on both natural and synthetic leather

SHOE CARE PRODUCTS

- Sneaker cleaners, sole renovators, water repellent & protective sprays
- Liquid Shoe Shine, premium shoe creams & leather wipes
- Innovative products designed for both retail and professional use

FOOTWEAR ADHESIVES

- Eco-friendly water-based formulations
- High-performance adhesives and surface treatments

PRIVATE LABEL SOLUTIONS

- Private label production and customized packaging solutions

RESEARCH & DEVELOPMENT

Rota Kimya operates with the mission of exceeding customer expectations in the field of shoe finishing and leather chemicals, while maintaining its trusted and respected position in the industry. By embracing innovation and a commitment to continuous improvement, we reinforce our reputation as a reliable brand built on uncompromising quality.

With an agile structure and a customer-centric approach, we provide **tailor-made solutions**, ensuring that every partner benefits from products carefully designed to meet their specific needs.

SINCE 1976

UPPER SHOE CREAMS

PRODUCT NAME	PACKING		SPECIFICATION/APPLICATION
MATT FILLER CREAM	1 kg	5 kg	Smooths wrinkles and imperfections on leather. Penetrates deeply when heat-activated in the oven.
POLISH CREAM	1 kg	5 kg	Gives leather a vibrant, natural shine that can be further enhanced by polishing.
SOFT NATURA CREAM	1 kg	5 kg	Gives leather a natural luster and soft touch. Can be polished to enhance the shine.
EFFECT CREAM	1 kg	5 kg	Creates unique color shades and artistic effects on crust and finished leather, enhancing the visual appeal of leather products.
SELF SHINE CREAM	1 kg	5 kg	Our maximum shine cream. Provides leather with a vibrant, high-gloss finish even without polishing.
MATT AND SOFT CREAM	1 kg	5 kg	Provides a smooth, matte finish with a soft touch. Conceals defects, works as a repair cream, and can be brushed for adjustable shine.

SHOE LIQUID FINISH

BRILLIANT	1 lt	5 lt	Fast-curing polish applied with a sponge. Leaves no residue and provides a bright, glossy finish. Suitable for both natural and artificial leather. Water-based.
LIQUID SHINES	1 lt	5 lt	Fast-curing solvent based finish for spray gun application. Also available in matt series, ideal for color equalization on shaded leathers.
LIQUID POLISH	1 lt	5 lt	A high-quality liquid polish designed for easy application with a sponge. When buffed using a low-speed brush, it enhances the surface with a brighter and long-lasting shine.
SHADOWING FINISH	1 lt	5 lt	Solvent based finish for shadowing effect. Applied with sponge or spray gun.
SUEDE - NUBUCK REVITALIZER	1 lt	5 lt	Revitalizing and touching material for suede/nubuck leather. Stabilizes color shade differences. Applied with spray gun.
SUEDE - NUBUCK COLOR EQUILIZER	1 lt	5 lt	Water based product for stabilizing color shades on suede/nubuck. Water repellent. Applied with spray gun.
	1 lt	5 lt	Solvent based product for stabilizing color shades on suede/nubuck. Water repellent. Applied with spray gun.
COLOR-FINISH FOR VEGETAL LEATHER	1 lt	5 lt	Spray-applied coloring solution for vegetal leather. Custom colors available upon request.

SPECIAL APPLICATION

LEATHER FINISH/ EDGE FINISH	1 lt	5 lt	Used as an indelible edge dye and for covering scratches.
PATENT LEATHER FINISH	1 lt	5 lt	For cleaning and buffing patent leather. Applied with sponge, buffed with soft cloth.
PATENT LEATHER CLEANING	1 lt	5 lt	Used for buffing patent leathers.
COLOR CHANGE POLISHES	1 lt	5 lt	Used for changing the leather color to desired shade.
COLOR CHANGE PRIMER POLISHES	1 lt	5 lt	Applied with cloth buffer by rubbing, then color changing dye applied by spray gun or buffer.
PULL UP CRAZY FINISH	1 lt	5 lt	Used as color stabilizer for all colors in Pull up and Crazy leathers. Gives weight and water repellent properties to leather. Applied with sponge or spray gun.
LEATHER SOFTENER	1 lt	5 lt	Gives flexibility to hard leather. Prevents cracks. Applied with sponge or upper components.
LEATHER CLEANER	1 lt	5 lt	Removes stains and spots on leather.
SILVER PEN ERASER	1 lt	5 lt	Removes silver pen marks on artificial/natural leather.
SHOETREE SEPARATOR	1 lt	5 lt	Facilitates removal of the upper from shoetree.

SOLE & HEEL

PRODUCT NAME	PACKING		SPECIFICATION/APPLICATION
SOLE FINISH	1 lt	5 lt	Available in standard and custom colors. Provides durable finishing for soles. Custom shades can be manufactured upon request.
HEEL PRIMER FINISH	1 lt	5 lt	Creates a water-resistant base for heel dye application, ensuring smoother and brighter results.
HEEL - SIDE FINISH	1 lt	5 lt	Provides full coverage and shine for heel sides. Custom colors are available on request.
NEOLITH SOLE FINISH	1 lt	5 lt	Manufactured in both gloss and matt finishes. Custom shades also available.
NEOLITH EDGE FINISH	1 lt	5 lt	Designed for dyeing neolith edges. Dries quickly, no brushing required. Available in standard and custom colors.
WELT FINISH	1 lt	5 lt	Provides covering, shine, and heat resistance. Water resistant. Custom shades can be produced.
WELT SHINE	1 lt	5 lt	Solvent-based shine finish. Available in glossy and matt options.
PU SOLE FINISH	15 lt		Used for finishing of PU soles.
TR / RUBBER SOLE FINISH	15 lt		Used for finishing TR and Rubber soles

EDGE FINISH

PRODUCT NAME	PACKING		SPECIFICATION/APPLICATION
EDGE FINISH	1 lt	5 lt	Used for dyeing edges of belts, bags, wallets, and similar items. Provides long lasting color coverage.
EDGE FINISH (FILLING TYPE)	1 lt	5 lt	Covers leather cuts with filling effect. Can be produced in any color on request.
EDGE FINISH (BURNISH TYPE)	1 lt	5 lt	Used for dyeing and burnishing edges of belts, bags, and wallets. Custom colors available.
FILLING PRIMER FINISH	1 lt	5 lt	Applied as a primer before edge dyeing. Available in both glossy and matt finishes.
